Anthem Supplier Code of Conduct

Anthem's success is built on a commitment to our core values and behaviors that include being:

- Accountable
- Caring
- Easy to Do Business With
- Innovative
- Trustworthy

Our customers, stakeholders and regulators expect that we will conduct business with integrity and provide a quality product. In turn, we expect the same of our Suppliers.

Anthem understands that our Suppliers are independent entities; however, the business practices of our Suppliers may impact and/or reflect upon Anthem. It is for this reason that Anthem expects all Suppliers, their employees, agents and subcontractors (hereinafter referred to collectively as "Supplier") to adhere to the Anthem Supplier Code of Conduct while conducting business with or on behalf of Anthem. The Anthem Supplier Code of Conduct establishes minimum standards for conducting business with Anthem and to the extent of any conflict between this Supplier Code of Conduct and any other transactional document entered into by Anthem and Supplier, the latter shall control.

1. WORKPLACE STANDARDS AND PRACTICES

Suppliers will operate their facilities and conduct employment practices in an ethical manner and meet the requirements required by law in all locations in which they operate. This includes, but is not limited to, laws and regulations relating to health and safety, labor, compensation, work hours, and the environment. Following are Anthem-specific guidelines for some of these matters applicable to Supplier:

Alcohol and Drug-free Workplace

Anthem is committed to providing an alcohol and drug-free workplace, which helps facilitate a safe and healthy work environment. Anthem complies with the Drug-free Workplace Act of 1988. Associates, temporary employees, agents, contractors, Suppliers and visitors are prohibited from the unlawful manufacture, distribution, dispensation, possession or use of alcohol, illegal drugs, and/or drug paraphernalia on Anthem owned or leased property, or while representing Anthem at any time.

Health and Safety

Suppliers will provide a safe and healthy work environment in compliance with all applicable laws and regulations. Anthem does not tolerate acts of violence, threats, harassment, intimidation or other disruptive behavior in our workplace or during the course of providing services to Anthem, whether on Anthem premises or off-site, by associates, contractors or Suppliers.

Weapons

Anthem prohibits Suppliers from keeping weapons on Anthem property, including buildings, lockers, desks, work spaces, storage areas and company-owned vehicles. In addition, weapons may not be kept in vehicles parked in Anthem parking lots or in personal vehicles being used for business. Weapons include, but are not limited to, guns, knives and ammunition.

Compensation

Suppliers will ensure that their associates and subcontractors are paid in compliance with minimum wage laws. In addition to compensation for regular hours, Supplier employees will be fairly compensated for overtime work in accordance with local labor laws. Other benefits must meet or exceed local laws and standards.

Equal Employment Opportunity

Suppliers will foster a positive work environment that promotes equal employment opportunity in accordance with all applicable Equal Employment/Anti-Harassment laws, directives and regulations of federal, State, and local governing bodies. Suppliers will prohibit discriminatory practices in the recruiting, hiring, training, promoting, and compensating of its employees on grounds of race, color, creed, religion, gender, national origin, sexual orientation, gender identity, veteran status, disability, age, marital status, or any other legally protected characteristic.

As a federal contractor Anthem complies with federal EEO obligations. When Suppliers provide services or goods to Anthem relating to one of its federal contracts, Suppliers agree to comply with the following as required under federal regulations:

Supplier shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.

Freedom of Association and Collective Bargaining

Suppliers will recognize and respect the right of its employees to form or join trade unions of their own choosing and to bargain collectively. Where the right of freedom of association and collective bargaining is restricted under law, Suppliers will not hinder the development of parallel means for independent, free association and bargaining.

Labor Practices

Suppliers will not engage in the use of forced, bonded (including debt bondage) or indentured labor, involuntary prison labor, slavery, trafficking of persons or prison labor in the supply of materials, products, or services. This includes transporting, harboring, recruiting, transferring, or receiving vulnerable persons by means of threat, force, coercion, abduction, or fraud for the purpose of exploitation.

Suppliers will comply with all child labor laws and not employ workers under age 14 or the minimum age for completing compulsory education, whichever is higher.

Supplier employees will be treated with respect and dignity, therefore, no employee shall be subject to any physical, sexual, psychological, or verbal harassment or abuse. Supplier will ensure that employees are ensured basic human rights. Denied human rights can include lack of access to food and water, forced labor, child labor and other illegal and/or unethical activities.

The supplier must report any violations of this policy by an Anthem associate to the Anthem Ethics and Compliance Department at ethicsandcompliance@anthem.com.

If a supplier employee violates this policy, it must be reported by the supplier to the Anthem Ethics and Compliance Department at ethicsandcompliance@anthem.com.
